SUPPORT FOR THE BANKING AND WEALTH EXPOSITION 2017

I am pleased to announce the NBFIRA's support for the upcoming Banking and Wealth Exposition to be hosted by the Bankers' Association of Botswana and the Botswana Institute of Bankers whose theme is *"Bridging the Inclusion Gap through Financial Literacy"*. Financial Inclusion and literacy is a topical issue on the global development agenda and Botswana. Hence the organisers plan to extend the Expo to the entire financial industry and not just the banking sector.

I wish to encourage institutions in the non-bank financial sector to participate in this important event and use the event as an outreach opportunity.

Yours sincerely,

Oaitse Ramasedi (Mr)
